Contents

On the cover

India isn't the next China. But it could still transform itself and the world economy: leader, page 9. Over 30 years, India has laid the foundations for growth. For its next phase, a new reform agenda is needed, say Arjun Ramani and Thomas Easton: see our Special report, after page 34

Campus clashes and the Democrats

Police intervention at Columbia has provoked protests at other universities, page 17. As in 1968, the Democrat risks being the candidate of chaos and war: Lexington, page 22

Where next in the tech wars?

America, China and the competition to control the world's most important technologies, page 48

Ukraine: what \$61bn will buy

Congress has given Ukraine a reprieve, but more battles lie ahead: leader, page 10, and briefing, page 14

Has Taylor Swift peaked?

The musician is at the height of her commercial, but not her creative, power, page 71
